

In Appreciation

Our charitable work relies on donations of time and money from a broad range of individuals and organisations. We would like to thank the following groups for the support they have provided during the reporting period covered by this report:

• Volunteers

Volunteers play a crucial role in the operation of the charity. The donations of time made by volunteers allow us to provide more support than would otherwise be possible and in some cases, such as Befriending, the whole service is made possible by the work done by volunteers.

There is a diverse range of opportunities for volunteering with Buckinghamshire Mind all of which offer the potential to make a difference.

• Members

Membership is open to any person wanting to support the work of the charity. In addition to providing an important source of income, taking out membership allows supporters to play an active role in the running of the charity by electing the Board of Trustees.

• Donors

We are grateful for the financial support that has been provided by a wide variety of donors during the past year. Contributions large and small allow us to provide services such as Wycombe Counselling Service, STEPS Children's Counselling Service and Supported Employment.

Donations are easy to make and will directly help our charitable activities. Please visit our website: www.bucksmind.org.uk or contact us by phone for details.

An easy way to help our work is to do your online shopping through our website. There is a wide range of well-known companies who will donate a percentage of your spend to the charity – please visit: www.buyat/bucksmind for details.

Details on any of the above ways of supporting our work can be obtained in the first instance from Daphne Welford, Head Office Manager, on 01296 437328 or by email: info@bucksmind.org.uk
